## SUNDAY IS REMEMBERED

HUNDREDS OF JACKSONVILLE CITIZENS IN PILGRIMAGE.

Members of Baraca Bible Class Plan and Execute Successful Excursion to Springfield Revival—Sunday Prayers Visitors—List of Committees and Notes.

No better endorsement of "Billy" Sunday could have been given than when Jacksonville loaded twelve coaches, bearing six hundred people, and via the Wabash, journeyed to Springfield Tuesday evening to be present at the tabernacle service. It was also a Red Letter Day in the history of the Baraca Bible class of the First Baptist church, under whose efforts the excursion was planned and carried to a successful issue. It has been no little effort that this splendid organization has put forth in making the trip all that one could ask or desire. For weeks they have labored and a guarantee of 500 passengers was necessary before the cars could be chartered.

Long before the hour of departure, 515, hundreds of people had wended their way to the Wabash station and boarded the cars, which were situated on the siding. A large number of friends also were present to see the excursionists off. On account of the lateness of the west bound passenger, which arrives here at 5:13, the Sunday people did not leave the city until nearly 5:45. Jeffries' band, in due time, with twenty-five pieces, arrived at the station, rejoicing the excursionists with their music.

The trip was made without a stop and during the journey several who were thoughtful to take lunch enjoyed their viands, while others were provided with sandwiches from the Baraca members, for the sum of five cents. The trip was made in a little over an hour and upon arrival a committee of thirty Springfield people met the Jacksonville citizens and attended them a cordial welcome. They were a number of street cars waiting at the station, but the people preferred to walk.

## March Attracts Attention.

Mr. Farrell, who had gone over earlier in the evening, in his automobile, was down at the station when the train pulled in and led the way for the procession, followed by the band and the excursionists. It was a grand sight to witness the hundreds of citizens as they marched up Washington street with red light torch bearers, four abreast, the band playing "Onward Christian Soldiers," and the immense crowd joining in the chorus. Hundreds of Springfield people were down to the train and followed the procession to the tabernacle. Along the route, the streets were lined with people from every view point they watched the march, which extended to Fifth street, around square to East Adams, thence to the tabernacle. The procession was of such length that when the head of line of march was leaving the square on East Adams street, the rear was leaving Washington street.

As the crowd entered the tabernacle, with the band playing its best, the immense audience which filled every seat except those reserved for the Jacksonville delegation, rose en masse and gave the chauntauqua salute, accompanied with hearty cheers. Seats to the left of the speakers' stand were reserved and while all were being assigned places the band played most effectively, "Lead Me Gently Home, Father," and were cheered to the echo by the audience.

## Jacksonville in Song.

Soon Sunday made his appearance, walking on two crutches, and this was the occasion for another outburst of enthusiasm. His face lit up as he glanced over the Jacksonville people, who answered his recognition by prolonged clapping. Soon the other members of the Sunday party made their appearance on the platform and Mr. Fisher addressed the listening delegation, by saying, "Jacksonville, what song would you like us to sing," and a voice shouted "No. 74," "The Harvest Field." The verses and chorus of this song were sung alternately and together by the Jacksonville people and the Springfield chorus. Springfield was then asked what they wished to sing and the selection was "The Fight is On," to which Mr. Fisher remarked that it was what Springfield church members realized. While Jacksonville was singing the chorus to "The Harvest Field," Mr. Fisher took occasion to tell the ladies to take Mrs. Dr. Loving aside and give her a good talking to for giggling instead of singing, which was the occasion of much laughter. After singing "Christ is the Sunny Side,"

in which the small boys on the first two rows of seats gave a fine whistling exhibition, Mr. Sunday called upon Rev. J. V. Whiting of the Baptist church to lead in prayer.

Rev. Preston Wood was given an opportunity to speak and stated that Danville had a petition signed by twenty-four churches, asking him to come to that city and hold a revival. In fact, Mr. Wood said, the whole town wanted him, even to the aldermen, which made Sunday laugh heartily.

Before Sunday preached, some one of the Jacksonville visitors asked for Mr. Fisher, Mr. Butler and Miss Anderson to sing "Shadows," which was so impressively done that several in the audience were greatly moved.

Before Mr. Sunday started to preach he addressed the Jacksonville people as follows:

**Sunday's Appreciation.**  
Words I am anxious to express my deep appreciation and love I have for the Jacksonville people who are guests of honor to night. If there is any class of people I love in the world it is the men and women of our neighboring city. It is a pleasure, I assure you, to look into your faces again. To see you awakens in my mind sweet memories of friendship and associations formed there. How many times in my mind have I walked again the streets of that dear old town. I have left the hotel, where I stayed, walked up to the Journal office and there met my friends, Fay and Bancroft. I have hastened around the corner to the Courier office, there I met my friends, Fay and Bancroft. I have hastened around the corner to the County court house, to see Sheriff Graft and his deputies, on West State street to the Farrell bank to see Fay and Bancroft, across the force of the west bound passenger, which arrives here at 5:13, the Sunday people did not leave the city until nearly 5:45. Jeffries' band, in due time, with twenty-five pieces, arrived at the station, rejoicing the excursionists with their music.

The trip was made without a stop and during the journey several who were thoughtful to take lunch enjoyed their viands, while others were provided with sandwiches from the Baraca members, for the sum of five cents. ## SHIP SUBSIDY BILL DEFEATED

MEASURE LOST OUT IN HOUSE BY SMALL MAJORITY.

Result of one Wildly Cheered by Opponents of Bill—Various Conference Reports Agreed to—Senate Getting Cleared Up.

Washington, March 2.—The ship subsidy bill, previously passed by the senate, was defeated in the house today, 172 to 175. Opponents of the measure wildly cheered. The dramatic appearance in the hall of Representative Goldfogle of New York, in an invalid chair, he having been brought from a hospital where he had undergone an operation on his knee cap, so that he might record his name against the bill.

Conference reports on the agricultural, river and harbors and public building bills were agreed to and sundry civil sent to conference. After disposing of miscellaneous reports on less important measures the house recessed until tomorrow. The conclusion of the day's session was marked by a vote of 172 to 175 in the affirmative, the speaker hesitated to get a good breath and then said "175 in the negative."

The Democratic side of the house broke forth in cheers. Overstreet, in charge of the bill, was recognized and he asked to be permitted to change his vote. This would have allowed him to move to reconsider and have another vote on the bill. The speaker informed him that the vote had been announced and his request came too late. Thirty Republicans voted against the measure and for Democrats for it, as follows: Republicans—Boyle of Nebraska, Burton of Ohio, Campbell of Kansas, Chapman of Illinois, Cook of Colorado, Davidson of Indiana, Davidson of Wisconsin, Dawson of Iowa, Gronna of North Dakota, Hinshaw of Nebraska, Hubbard of Iowa, Jenkins of Wisconsin, Knapp of Illinois, Kennan of Iowa, Kusterman of Wisconsin, Lowden of Illinois, McKinney of Illinois, McHughlin of Mississippi, Martin of South Dakota, Morse of Wisconsin, Murdock of Kansas, Nelson of Wisconsin, Prince of Illinois, Smith of Iowa, Stafford of Wisconsin, Steiensen of Minnesota, Wilson of Illinois, Woodyard of Virginia, Cary of Wisconsin.

Democrats—Bartlett of Nevada, Estep of Louisiana, Hobson of Alabama, Jones of Virginia.

The penal code bill on conference report was before the senate during almost the entire session to day and was subjected to filibustering tactics on the part of the minority that required almost in vain the efforts made upon it. Heyburn, in charge of the measure, declared opposition to the measure was the result of an antagonistic legislative provision contained in the measure for enforcement of the 14th and 15th amendments to the constitution on the part of southern senators.

The general deficiency bill was passed, carrying \$19,000,000. This bill was the last of the general supply bills passed by the senate.

Various conference reports were agreed to and the progress was made in clearing away much of the urgent business before the senate.

This was taken to mean the defense then will reopen its case in chief.

The tragedy occurred at Temple, N. H., on the morning of March 2, when Marrott, one and one-half miles from Temple.

This afternoon Marrott, seizing one of Miller's army pistols, discharged it at random and drove the general and his housekeeper from the house. Miller telephoned to Temple for assistance, and in response eight men, of whom Eastman was one, armed with shotguns and revolvers, hastened to Miller's home. They surrounded the house, hoping to induce Marrott to surrender, but he refused to do so. Finally Rev. Mr. Eastman pointed a shotgun at the valet and demanded he surrender. To save his life, the minister discharged the gun, the contents striking Marrott in the forehead and killing him.

## OLD LEADERS LEAVE

Many Faces To Be Missed From the Senate and House After March Fourth.

Washington, March 2.—Many familiar faces will be missing from the senate and house after next Thursday, when the life of the 60th congress will expire by limitation. So many changes will be made in the personnel of the national lawmaking body as was brought about by the elections of last November. As evidence of the truth of this statement it is only necessary to cite the fact that in the 61st congress there will be more than 75 new names in the house alone. Colorado's whole delegation, for instance, will be new to the halls of legislation. Indiana will have eight new men in the house, New York seven, Missouri six, Iowa five and on through almost the entire roster of the states.

The changes in the personnel of the house will be almost as noteworthy as they are numerous. Among those whose terms are now drawing to a close are some of the foremost leaders in the house. The re-election of Speaker Cannon and Representative Payne of New York and Bazel of Pennsylvania leaves the Republican batteries in the house well manned so far as the tariff is concerned, but substantially on all other legislative questions the party is about to lose its old leaders. The retirement of Coolidge Hepburn of Iowa is a hard blow to the Republican side. Since the retirement from Congress of General Frankfort of Ohio Mr. Hepburn has been the party wheel horse who has been relied upon to lead in the political debate upon the floor. His retirement also vacates the chairmanship of the committee on interstate and foreign commerce. Mr. Mann of Illinois is likely to succeed to this chairmanship.

Some of the other house leaders who will be missing from the extra session convenes two weeks hence are Representatives Overstreet, Watson of Indiana, and Cleveland of New York, who becomes vice president, and Burton of Ohio, who is to take Foraker's place in the senate on the gallows.

On the Democratic side of the house the party strength will be affected but little by the last election. Such veteran leaders as De Armond of Missouri, Livingston of Georgia, and Jones of Virginia will be in their accustomed places when the Sixty-first congress is called to order. Williams of Mississippi, the former minority leader, will be absent, having been elected to the senate. The house until he takes his seat in the senate two years hence.

The important changes will not be confined to the lower branch. In the senate a number of veterans are about to pass out of the spot light. Their places will be taken by a dozen new men. The newcomers are Charles Hughes, Jr., of Colorado, Joseph L. Bristow of Kansas, Wesley L. Jones of Washington, George E. Chamberlain of Oregon, E. D. Smith of South Carolina, John H. Johnson of North Dakota, Benjamin F. Shreve of Indiana, C. L. Crawford of South Dakota, W. O. Bradley of Kentucky, Dunaway of Texas, and Theodore E. Burton of Ohio, and George E. Oliver of Pennsylvania.

The retiring senators and their length of service are Teller of Colorado, 16 years; William T. H. Wood, 18 years; Platt of New York, 12 years; Kittredge of South Dakota, 8 years; Anthony of Washington, 6 years; Burton of Oregon, 6 years; long of Kansas, 5 years; McCreary of Kentucky, 5 years; Milton of Florida, 1 year; and Gary of South Carolina, 1 year, and Knox of Pennsylvania, 5 years.

## VICTIMS READY TO TELL STORIES

TESTIFY AGAINST ALLEGED RACE SWINDLERS.

Over \$100,000 Secured From Victims—Now at Little Rock, Ark.—Leaders of Gang Identified by Four of Their Victims.

Little Rock, Ark., March 2.—The ante room of the grand jury chamber to day was crowded with witnesses to tell of the workings of the alleged race swindlers recently arrested here. From the men who will testify over \$100,000 was secured.

Mahy and Clark were identified by four men from Colorado and two from Minnesota as being leaders of the gang which victimized them at Council Bluffs. The attorney for Henry Stockwell, a jockey, refused to allow him to testify before the grand jury. Those who are present to testify are:

S. J. Sargent of Cass Lake, Minn., who lost \$5,000 on a horse race at Council Bluffs.

It is probable that J. Wanner and J. C. Johnson, who were not identified by any of the men but who were victimized here, will not be taken to Council Bluffs, although they will be indicted here.

## TOLD OF EXPENDITURES.

The item of \$200 when he paid Editor Noves of the Marinette Eagle Star came in for considerable discussion. The amount was given Noves after the campaign for "write-ups." Other newspaper men in the country received smaller sums for "write-ups" and various small amounts were paid for "workers."

## A NOBLE ENTERPRISE

The East Side Mission Organized and Ready for Its Grand Work.

The question regarding the Sunday meetings "will the results be permanent?" has often been asked and in one respect the Journal is glad to say, this morning that good fruits are apparent and bid fair to last for a long time to come. During the meetings a goodly number of persons connected with the Packing company were led to espouse the cause of Christ. A. R. McCue being one of the number, and like a sensible and practical man he set about seeking something to do and the thought occurred to him that there was no church in that part of the city and all who wanted to attend divine services would have to go a long way from home and it also occurred to him that it would be a good idea to have some kind of religious and social privileges which the residents of that part of the city might enjoy. To think was to act and to work he went with a good will and the result is the renting of a commodious brick building on the grounds of the Packing company, easily accessible by sidewalk down Railroad street, or a person may reach it from other directions. The building has been painted both interior and exterior and conspicuous on the south side is the sign "EAST SIDE UNION MISSION."

The building has been supplied with electric lights, over 200 chairs have been placed in it and a citizen has promised a cabinet organ, which will be in place Sunday next.

The object of the enterprise is to have a place for religious worship, Sunday school, bible class and preaching services on Sundays and as soon as possible it is the hope of the promoter to have the second story arranged for reading rooms and recreation places. Also during the week at times it is the intention to have various kinds of entertainments there, to the end that a good influence may be exerted and all in that vicinity enjoy privileges which will be useful and entertaining. The affair will be strictly non-sectarian and also strictly evangelistic in its manner of conducting worship devout discipleship of Jesus Christ being the guiding principle and a cordial welcome is offered to everybody of all creeds and beliefs or of none to participate in the meetings, to attend and get all the good they can out of them. It is pleasant to know that the ministerial association has cordially indorsed the proposition and will aid it in every way possible.

Next Sunday at 3:30 p. m. the building is to be dedicated by Harry

Monroe and the Journal hopes all interested will enter heartily into the exercises and help make them a success. Then at night the churches of the city will be closed and union services conducted in State street and Central Christian churches and at both of these Mr. Monroe will be present and speak for the good cause. The men at the Packing company have contributed of their means as far as possible, but the enterprise is in debt some \$600, and it will surely be a pleasure to good people of the city to help out in this matter.

Mr. McCue certainly deserves credit for his energetic efforts in this work and the Journal hopes and feels that it will be permanent and productive of good results.

## CHALLENGE FROM HATCH.

Hatch's drug store is seeking the worst case of dyspepsia or constipation in Jacksonville or vicinity to test Dr. Howard's new specific for the cure of those diseases.

So confident are they that this remarkable medicine will effect a lasting cure in a short time, that they offer to refund the money should it not be successful.

In order to secure the quickest possible introduction Hatch's drug store will sell a regular 50-cent package of this medicine at half price, 25 cents.

This specific of Dr. Howard's will cure sick headache, dizzy feelings, constipation, dyspepsia and all forms of malaria and liver trouble. It does not simply give relief for a time; it makes permanent and complete cures.

It will regulate the bowels, tone up the whole intestinal tract, give you an appetite, make food taste good and digest well, and increase vigor, joy and happiness will take the place of that "don't care whether I live or die" feeling.

Take advantage of the Hatch drug store challenge and secure a bottle of Dr. Howard's specific at half price, with their personal guarantee to refund your money if it does not help you.

There is no need of suffering with constipation, dyspepsia or liver disease when you can get sixty doses of a scientific medicine for their cure like Dr. Howard's specific for the small sum of 25 cents.

W. Hoch—Central Missouri Republican, Dec. 7, 1905.

## DYNAMITERS THWARTED

ATTEMPT TO BLOW UP A SAFE IN JACKSONVILLE PROVES FRUITLESS.

Four Persons Narrowly Escape Serious Injury or Death in the Explosion.

A short time since an enterprising gentleman of this city bought a new safe. His increasing trade and the amount of money and valuable papers he had to care for made a strong iron box a necessity, so after investigating the merits of various manufactures he decided on the one he would buy and ordered one from

and when it came he had a force of men put it in his place of business and he eyed it with great complacency. Some say that he even went back after supper to look through the window and see that his safe was there all right and he sat up nights studying various combinations, for he meant to change them every once in a while. All went well for several days and he began to breathe freely regarding his new purchase and to think of it with satisfaction unalloyed. One pleasant morning some young ladies and a gentleman called on him and one of the ladies asked him to show her something in the rear of his establishment and hardly had he begun to explain the article, when, like a bomb from the infernal regions, something in the front room went

"BANG! BANG!! BANG!!!"

"My safe! My safe!" ejaculated the gentleman, shrieking wildly as he hastened toward the new and treasured object.

"Some one is trying to blow up my place!"

Arriving in the room where the noise was deafening and the smoke stifling, he was astonished to find his visitors not at all alarmed, but almost bursting with laughter, while the fusillade continued. Finally it stopped and then investigation disclosed under the precious safe a tin can in which a pack of fire crackers had been placed, the fuse of the bunch ignited and the cover of the can fitted on tightly, with a result which can be easily imagined.

Of course, pleas not to tell were made and no promises given and if any one wants to find out who the victim was ask the man in the moon.

Knotes has a force of cutters and tailors who always please. See his elegant line of spring suitings.

## WILL WRECK HOUSE.

Materials in M. P. Ayers' Late Residence to Be Used Elsewhere.

Luther E. Smith, who recently purchased the M. P. Ayers house at the corner of Pine and West State street, has a number of men at work wrecking it. There is a vast amount of brick and lumber in the house and Mr. Smith will sell part and use the remainder in the erection of some other houses he is contemplating building. The removal of the Ayers residence marks the passing of a landmark. M. P. Ayers had the main part of the house erected for him in 1854, the contract being given to E. P. Mounts. In 1863, during the days of the war an addition was built to the west side, this work being done by Mr. Ross. The dwelling was very substantially built and only the best of materials were used in its construction. The rooms were all large and the ceilings were thirteen feet from the floor. The executors of the Ayers estate decided that it was better to wreck the house and dispose of the vacant property than to attempt to dispose of the house and lots together.

## GREATLY ASTONISHED

And at the Same Time Well Pleased  
by the Surprise.

Mr. and Mrs. J. T. Osborne were  
sitting in their cozy home on North  
Church street Monday evening talk-  
ing over the day—not very long ago  
—when they were young and pligh-  
ted truth: when Percy was a baby  
and Ernest was trundled about in a  
go-cart; when—but just at that  
moment came a sharp knock at the  
door and Mr. Osborne hastened to  
open it.

Saints, angels, and the other  
party!!! What is all this about?

Without waiting to be invited a  
motely throng entered and proceed-  
ed to make themselves entirely at  
home, and as they came well armed  
with baskets of good things to eat,  
Jack was satisfied that their inten-  
tions were peaceable. There was an  
inseparable Dutch character; a burly  
fellow who "spieled in a Duetcher  
band," an lalmtable miss of rather  
large proportions, but of tender  
years, a weird pink domino and so  
on all through the list. In vain did  
Jack and Mrs. Jack try to ascertain  
the identity of each visitor; it was  
of no use and they had to give it up  
and help all to make merry, which  
they proceeded to do in good shape.  
At last when they had enjoyed fun  
enough masks were removed and the  
visitors proved to be the clerks on  
the lower floor in the establishment  
of Phelps & Osborne, and then the  
fun began anew. The refreshments  
served added much to the pleasure  
of the occasion and at a late hour  
all bade farewell to the fellow work-  
er whom all so highly esteem.

### ILLINOIS COLLEGE NOTES.

Rev. J. V. Whiting, pastor of the  
Baptist church, addressed the stu-  
dent Tuesday morning upon the  
subject, "Winning Forces of Char-  
acter." The speaker made special  
mention of three forces, which every  
person desirous of making life a  
success should cultivate—solidity of  
character, thoroughness and prac-  
ticality. The keynote of his address  
was "push out from the crowd, be  
something more than a follower, be  
a leader." The helpful remarks  
were closely listened to and greatly  
appreciated by the students.

## FIRE INSURANCE

No matter how efficient the fire department, no matter how careful you may be to avoid fire danger, you still ought not to neglect the matter of insurance. Business men and concerns usually do not, though frequently a fire catches them only half insured.

But all too often the home and contents are unprotected. The very bed on which you sleep, the food in your pantry and coal in your cellar, cost you money and ought to be insured. And insurance is so cheap—80c for \$100, \$8 for \$1,000, for three years. We represent ten of the best insurance companies on earth. The paper on which this ad is printed, and the press that does the printing, are covered by one of our policies. May we not write one for you? Call or phone.

### POLITICS AND POLITICIANS.

The Maryland Democrats favor the Oregon plan of choosing United States senators.

South Carolina has increased the salary of her governor from \$3,000 to \$4,000 a year.

A movement is afoot in Texas to create a new county and name it in honor of Senator Culberson.

Mrs. A. A. Lafferty, the only woman member of the Colorado legislature, was assigned to desk 23 and accepted it, saying that she had no superstitions.

A movement to remove the New Hampshire capital from Concord to New Hampshire recently was defeated on a test vote in the legislature of that state.

Judge Richard A. Ballinger of Sar-

attle, who is to be secretary of the interior in President Taft's cabinet, has resigned his position as vice-president of the Alaska-Yukon-Pacific exposition.

P. W. Benson, secretary of state, who probably will serve as governor of Oregon when Governor Chamberlain retires to take his seat in the United States senate, is fifty-one years old and a native of California.

After completing his education at the University of the Pacific at San Jose he removed to Roseburg, Ore., where he taught school for a time and later practiced law. Next to the governorship the office of secretary of state is the highest in Oregon, there being no lieutenant-governor.

### FROM THE SOUTH.

Mr. Ensley Moore returned Saturday night from a trip through the south. He went first to New Orleans, by way of Nashville, Birmingham, Montgomery and Mobile, stopping a couple of hours, going and coming, at Montgomery. Instead of finding the typical "Sunny South," Mr. Moore found the weather very cold—for the region—and had to wear his overcoat all the time out doors, and some of the time in. The dampness of the air makes a northerner feel the cold more.

The glory of the Crescent City, so far as its long line of steamboats lining the levee, and many sea-going vessels is departed, and a tourist is disappointed in not seeing the cotton-laden steamers. Some government steamers lay out in the stream, but the river is narrow, not wider opposite Canal street, the thoroughfare, than at St. Louis.

While so old a city, and of so much commercial opportunity, New Orleans is behind on business houses, and has few sky-scrapers, although the number of the latter is increasing. The "French quarter" is old and dirty, and its glory seems to have left the French market. The upper part of the city has much improved in extent of late years, and greatly so in the style and cost of its residences. Of course the historic old St. Charles hotel has gone, and given place to a new hostelry of the same name.

From New Orleans Mr. Moore came back and down to Pensacola, Fla.

This youthful generation may not know it, but Ft. Pickens was the observed point there during the war, as Ft. Sumpter was at Charleston, S. C. But the gallant Lieutenant Sumner was never forced to surrender Pickens, as Major Anderson had to do with Sumpter. The city of Pensacola is on a bay land-locked by having Santa Rosa Island lying along between the main shore and the Gulf of Mexico for a distance of forty miles, and the general width of the bay is about seven or eight miles. At the west end of the island is the channel to the Gulf, about half a mile or a mile wide. On this point of the island is Ft. Pickens, now reconstructed and modernized.

Opposite to the west is Ft. McRae. Further in is Ft. Barrancas, where are barracks for the troops in time of peace, only a few being kept at the outer forts. The navy yard is about seven miles southwest of Pensacola, and there Mr. Moore went on board the protected cruiser Montgomery, and saw a whole shoal of larger and smaller torpedo destroyer boats. There is also a great dry-dock, about 450 feet long, in which to repair war ships. Pensacola claims the deepest harbor south of Newport News, as it has a depth of 23 feet, which will admit almost any vessel. The foreign commerce of the place is already great, and great hopes are entertained from the opening of the Panama canal; apparently not without good reason.

Steamers and sailing ships are there laden with cotton, lumber and some of the iron products from Birmingham; although a monopolistic single railroad stands in the way of Pensacola development. But active efforts are being made to secure other railroads, which will probably come in time. Mr. Moore met several of the city officials. They spoke favorably of their winter citizen, Mr. C. B. Lewis, our summer citizen. Mr. Lewis has a nice little home in the Florida city.

Pensacola has a population of about 30,000 people and is growing, and developing along business lines. It has handsome public buildings and some "sky-scrapers." Its citizens think great things are ahead of their city, and they are quite likely to be right.

From Pensacola Mr. Moore "flew by night," and returned to the prettiest town in Illinois.

Four out of the five political parties in California have endorsed the amendment to the constitution giving full suffrage to women.

### THE GENERAL SCHOOL LAW

Two Petitions Have Been Filed With Board of Education Asking That Question Be Submitted to People.

Two petitions have been filed with George W. Davis, city clerk, asking that citizens have the opportunity to vote with reference to the adopting of the general school law this spring. The first petition was filed by J. P. Lippincott, who, with Thomas Worthington and W. N. Hairgrove, was appointed at a public meeting held at the library Friday night, to draft a petition and secure the needed signatures. The second petition was circulated and filed by Thomas W. Allen.

The first petition contemplates, not the surrender of the special school charter, but the substitution of the provisions of the general law for the charter provisions. The boundaries of the present school district would remain unchanged.

The second petition, that filed by Mr. Allen, contemplates the surrender of the school charter and that Jacksonville shall be come unorganized territory at the disposal of the township trustees. It may be necessary under the law for both questions suggested by the petitions to be voted upon by the people and if so there will doubtless be some confusion. The two petitions and their signatures are given herewith:

#### Petition No. 1.

To the Board of Education of the City of Jacksonville:

## SUNDAY REMEMBERED

(Continued from page one.)

of Jacksonville have had more deposits since local option went into effect and the working man spends his money legitimately. It's the hope of our citizens that Springfield will arise to the occasion, grasp the opportunity and eliminate the saloons from Springfield. I thank you.

Billy Sunday: "You bet we will do that, Thrapp." Mr. Sunday then announced his text for the evening, Luke 6:48, "Why call ye me Lord, Lord, and do not the things I command you?" It was a strong presentation of the gospel and sprinkled with usual Sundayisms, which the audience were quick to catch. There was such a stir among the people at the close on account of the wind blowing that Sunday stopped before he had finished his sermon.

The following are committees from the Baraca class in charge of the excursion: Managers—George Corbridge, Bert, F. N. Arnold, Alexander Kahl-

**Notes.**

The Baraca class is to be congratulated upon the magnificent way in which they handled everything. They were the recipients of compliments on every hand.

The trip was made both coming and going without a hitch, and the Wabash people are to be congratulated for their passenger traffic ability. There were eleven coaches and one baggage coach. The train left Springfield returning at 10:30 and arrived in Jacksonville a few minutes before midnight.

The street car company had several coaches in waiting at the junction going over all directions of the system.

The Jacksonville Packing company gave the hams for the sandwiches served on the train and the Woodman bakery gave the hams, \$25 was realized from the refreshments served this way.

F. E. Farrell, Frank Huffaker, J. T. Sharp and G. M. Luffrell went over in Farrell's automobile (Pierce Arrow), at 3 o'clock, with Ollie Mack at the wheel. The trip was made in two hours going and the same time returning. The roads were heavy. The party went to the Peters residence where the Sunday party were staying and were given a cordial welcome.

Frank Read did the interpreting for the deaf who went over on the excursion. His work was watched with interest by the Springfield citizens.

Those who went over from the State School for the deaf took with them enough pennants of that institution and presented one to each of the Sunday party. Mr. Sunday himself distributed them. At this juncture the evangelist took occasion to praise the school for their loyalty and also the other colleges of Jacksonville.

Several of the Jacksonville citizens were honored with seats on the platform and all were extended every kind attention. Sunday was especially happy in his greeting to all whom he met.

The Woman's Christian Association will meet this afternoon at 3 o'clock in their room in the Y. M. C. A. building.

Richard and John Margatroyd spent yesterday in Mercedesia duck hunting. They report that the ducks are scarce in that place.

## You Are Invited to Visit This Place.

This is a view of the laboratory in Lynn, Mass., in which Lydia E. Pinkham's Vegetable Compound is made.

There is a sign 5 feet long and 2 1/2 feet wide attached, permanently, to the front of the main building which reads as follows:

**Public inspection invited—from 8 A.M. to 4 P.M.**  
—Lydia E. Pinkham Medicine Co.

What does this sign mean?  
It means that public inspection of the laboratory and methods of doing business is honestly desired. It means that there is nothing about the Pinkham business which is not "open and above-board."

It means that a permanent invitation is extended to anyone to come and verify the statements made in the advertisements of Lydia E. Pinkham's Vegetable Compound.

Is Lydia E. Pinkham's Vegetable Compound made exclusively from roots and herbs?

**Come and See for Yourself.**

Do the women of America continually use as much of it as we are told?

**Come and See for Yourself.**

Was there ever such a person as Lydia E. Pinkham, and is there any Mrs. Pinkham now to whom sick women are asked to write?

**Come and See for Yourself.**

Is the vast private correspondence with sick women conducted by women only, and are the letters kept strictly confidential?

**Come and See for Yourself.**

Have they really got letters from more than a million women?

**Come and See for Yourself.**

Have they proof that Lydia E. Pinkham's Vegetable Compound has cured thousands of these women?

**Come and See for Yourself.**

This advertisement is only for doubters. The great army of women who know from their own personal experience that no medicine in the world equals Lydia E. Pinkham's Vegetable Compound for female ills will still go on using and being benefited by it; but the poor doubting, suffering woman must, for her own sake, be taught confidence, for she also might just as well regain her health.

## A WOMAN TO BE PRETTY

Must Have Luxuriant and Glossy Hair, No Matter What Color.

The finest contour of a female face, the sweetest smile of a female mouth, loses something if the head is crowned with scant hair. Scant and falling hair, it is now known, is caused by a parasite that burrows into the scalp to the root of the hair, where it saps the vitality. The little white scales the germ throws up in burrowing are called dandruff. To cure dandruff permanently, then, and to stop falling hair, that germ must be killed. Newbro's Herpicide, an entirely new result of the chemical laboratory, destroys the dandruff germ, and, of course, stops the falling hair, and prevents baldness. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

## FACULTY RECITAL

Evening of Music at School for Blind Proves Very Enjoyable—Artistic Program Given.

A large and well pleased audience filled the chapel of the School for the Blind last evening and listened to an excellent recital given by the faculty of music. The parts were all well performed and clearly demonstrated the splendid ability and perfect training of the instructors of that institution. Miss Marquis, principal of the music department, and Miss Walker, instructor in violin, made their first appearance before a Jacksonville audience and it is needless to say that they made a very favorable impression. Miss Marquis plays with much feeling and force and with perfect ease. She showed by her skillful performance that she is a pianist of rare ability and furthermore, an accompanist of no little talent. Miss Marquis accompanied Miss Walker in both appearances and their playing was in perfect harmony. Miss Walker as a violinist showed especial capabilities and was given very hearty applause.

Miss Draper at the piano and Mr. Gerlach at the organ, both appeared at their best and sustained their splendid reputations as musicians of ability. Mrs. Short captivated her hearers with her beautiful singing. Her voice has volume and cleanness and all her selections were well rendered.

The last number on the program, a selection in voice by Mrs. Short, with violin, piano and organ accompaniment made a very suitable ending for the excellent program of the evening. The program was given as follows:

Kreutzer Sonata, Op. 47, Beethoven  
Andante con Variazioni  
Finale, Presto

Miss Marquis and Miss Walker.  
(a) By Moonlight, Mendel.  
(b) Theme and Variations, Op. 142 No. 2, Schubert.  
Miss Draper.

(a) Love's Echo, Ernest Newton.  
(b) Brown Eyes, Teresa del Riego.  
(c) Sunbeams, Landon Ronald.  
Mrs. Short.

(a) Intermezzo, Alfred Hollins.  
(b) Scherzoso, Op. 132, Rheinberger.  
Mr. Gerlach.

Ballade and Polonaise, Vieuxtemps.  
Miss Walker.

(a) Norwegian Bridal Procession.  
(b) Ballade, g minor, Op. 23, Chopin.  
Miss Marquis.

O. Divine Redeemer, Gounod.  
Mrs. Short.

Violin, piano and organ accompaniment.

## HE GOT HIS MONEY.

Not long since a gentleman, who had recently committed matrimony and was, of course, excusable for being somewhat absent minded, sent a garment to a merchant tailoring establishment to be repaired and pressed. The man to whom the work was given observed a large object of some kind in one of the pockets and investigation disclosed a roll of bills amounting to \$65.00. He dutifully at once reported the find to headquarters and the gentleman at the desk telephoned the owner of the garment that he was much obliged for the liberal remembrance bestowed on the establishment. Unable to comprehend the meaning of the message he asked for a repetition which was given and finally the sum was named to—  
"Holy smoke!!!" ejaculated the gentleman.  
"I did leave that money in my clothes for certain."  
And a grateful patron of Jacksonville Tailor got his money, of course, but the reporter who heard the story was warned not to tell, so he will mind the injunction.

### VICTIM OF HALLUCINATION

Iowa Woman Admits She Was Not Assaulted.

Des Moines, Iowa, March 2. Mrs. C. M. Johnston of Ottumwa, has admitted she was not assaulted by the negro, so declares Detective Way, who, it is said, extracted a confession from Mrs. Johnston to day. ### RACE GAMBLING BILL.

Measure Introduced in Lower House Yesterday.

Springfield, March 2. Representative Thomas Tipton of Olney, to day introduced a bill in the house which if enacted into a law would not only bar bookmaking on horse races, but would punish all book making and pool selling on any trial of skill or endurance of man or beast. The proposed law makes it a penitentiary offense for any person to register bets or keep pool on horse races. An interesting point in connection with the introduction of this bill is the fact that Tipton himself is an enthusiast in horse racing. He says his experience in racing horses had shown him the evil results of bookmaking and has convinced him that in the interest of pure sport and the future of harness horse racing the measure is necessary.

The election of William A. Magee as mayor of Pittsburgh is a great victory for George T. Oliver, the Republican leader of Pittsburgh and candidate for the United States senate to succeed Philander C. Knox. Oliver pushed Magee to the front in spite of the bitter opposition of Senator Knox and Henry C. Frick, and the decided victory in the recent election stamps Oliver as the Republican leader of western Pennsylvania. Mr. Frick is credited with having spent \$100,000 to keep Magee from being nominated.

### FEEBLE OLD LADY

Has Strength Restored by Vinol.

Mrs. Michael Bloom of Lewistown, Pa., who is 80 years of age, says: "For a long time I have been so feeble that I have had to be wheeled around in an invalid's chair. I had no strength and took cold at the slightest provocation, which invariably settled on my lungs, and a cough would result. My son learned of the cod liver preparation called Vinol, and procured a bottle for me. It built up my strength rapidly, and after taking three bottles I am able to do most of my work, and I can walk a quarter of a mile easily. Every aged or weak person who requires strength should try Vinol. I am delighted with what it has done for me."

As a body builder and strength creator for old people, delicate children, weak, run-down persons, and after sickness, Vinol is unexcelled. If it fails to give satisfaction we will return your money. Lee P. Alcott, Jacksonville, Druggist.

## TO BE NOMINATED SEPARATELY

Justices of the Peace and Constables Not Under Primary-Law.

There has been a good deal of speculation in this county as to the question whether or not justices of the peace and constables are to be nominated in the spring primary for the county election. Many people have held that these officers are to be named the same way as others and County Clerk Merrill has had a number of applications for blank petitions, etc. In order to settle the matter definitely State's Attorney Tilton wrote to Attorney General Stead, whose opinion is given in the letter below. Mr. Stead states that such officials do not have to be chosen in the primary election:

Springfield, Feb. 25, 1909.  
Hon. Robert Tilton, State's Attorney, Jacksonville, Illinois.

Dear Sir:  
I have yours of the 24th inst., wherein you ask whether justices of the peace and constables have to be nominated at the primary held in the spring in counties not under township organization.

In reply will say that the provisions of the Primary Act specifically exclude from its operation the nomination of candidates for township offices. Justices of the peace and constables are township officers. Therefore, they are not to be nominated under the provisions of the primary act.

The exclusion of the same officers in a county not under township organization is effected by the enumeration, in the first section of the act, of the officers which shall be nominated under its provisions. Such officers are not so included and are, therefore, exempt from the provisions of the act.

Very respectfully,

W. H. Stead,  
Attorney General.
